ACTION FOR THE DEVELOPMENT OF GIRLS AND THEIR CHILDREN

ADFME / RD CONGO

DISTRIBUTION REPORT
PROPERTY DON OF ROTARY AUSTRALIA
AT THE ADFME / UVIRA

YEAR 2016 - 2017

REPORT OF RECEPTION AND DISTRIBUTION OF THE PROPERTY OF THE SECOND CONTAINER HOPE

It is on 24/09/2016 that ADFME received the second container HOPE from Australia sent by our donor CONTAINER OF HOPE / AUSTRALIA. As usual, the Hope container was received from the border by the board of directors of the ADFME, namely, the president, the vice-president and the coordinator.

After storage in a secure warehouse managed by the association (ADFME), a distribution committee has been set up and the follow-up committee has to follow step by step the distribution from the warehouse to the recipients. The latter committee is also responsible for enforcing the norms and distribution rules previously established by the ADFME main Committee.

The distribution targeted the following entities:

- Girls - mothers and their children
- Orphaned children
- Hospitals in Uvira and elsewhere
- Health centres in Uvira and elsewhere
- Indigenous population of kabimba / UVIRA Commonly called pygmies or BAMBOTE
- Vulnerable people from Uvira and elsewhere.

It should be noted that the distribution has spread even outside the geographical sphere of Uvira. That is to say that ADFME flew to the aid or has helped vulnerable people who have made their voices heard outside the territory of Uvira. This is the case for vulnerable people in the MOBA territory.

The few medical devices were distributed to the Hospitals and Centre of the square. Below is the summary table of the distribution.

SUMMARY TABLE OF THE DISTRIBUTION

N°	Designated	Quantity	Distribution date	Beneficiary	Received quantity	OBS
1	Hospital beds	17	26/09/2016	Modern Polyclinic Health Centre ADFME	10 Beds 7 Beds
